Things to know:

We stream 2 live services.

1. The 9:30 am service, AKA "9-3-0" or "Contemporary";
2. The 11:00 am service, AKA "Sanctuary" or "Traditional".

These services are streamed to our website (forthegoodofthecity.org), and to our Facebook page (@topekafirstumc).

If you have a smartphone/tablet and wish to view the services, first you need to go to your smartphone/tablet store and download the "Topeka First United Methodist" app.

If you choose to watch the sermon later, we offer 2 versions to watch.

1. The "Archive" version, which only contains:
   a. Scripture reading
   b. Sermon
   c. Benediction
2. The full version for both the "Traditional" service and the "Contemporary" service.

YouTube version always available

You can use any device that supports YouTube: (Smart Phone/tablet, PC, Smart TV)

If you prefer to watch the **FULL** version of a saved sermon, you can always find them on YouTube. **Once you are at the YouTube web site,** to search and only display our sermons, use the following search criteria: (Note: your punctuation must be exact)

intitle:"topeka first united methodist",*archive*

The last parameter after the comma can be "archive", "contemporary" or "traditional" depending on which service you prefer to watch. That search shows you all the services for our church.

If you know what book of the bible was used in the scripture reading, you could narrow your search. For example: locating a sermon from our church, that was a traditional service, and the scripture was from Psalm. Be careful and do not limit your search too much, otherwise you may not find the service.
